RE: PRODUCT (MICA 926) USED IN MOTORS

We have found by using his product that our diesel and oil consumption has decreased. Engine noise are less and exhaust emsions has also decreased..

One will recommend this product to anyone.

We will apriciate if we can apply for the fluids for the diesel tanks and injectors.

This product was used on the following vehicles.

KNJ 579 GP

SBV 438 GP

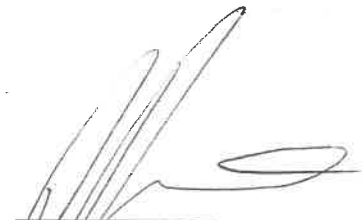

KNJ 607 GP

Thanking you
